

Mobile youth work (JaM)

- Neighborhood-oriented youth work
- Provision of leisure and assistance services
- Supplementary services in neighborhoods with a particularly high demand plus support of institutions.
- Making contact with young people and clearing e.g. with inquiries from different neighborhoods
- Fast and immediate response to special and changing problem situations. Development of targeted services and conflict resolution strategies.
- Implementation of socially integrational youth culture and sports projects to prevent addiction and violence as well as project days characterized by learning based on hands-on experience.
- Acting as a sensor for youth culture and political developments and trends.
